JOHN HODGSON,
MILLWRIGHT AND ENGINEER,

SCAMPSTON WORKS, NEAR

MALTON, YORKSHIRE.

BEGET respectfully to tender his best thanks to the public for the extensive patronage he has received, and assures those who may favour him with their orders, that every attention will be paid to the manufacturing and repairing of those articles entrusted to him. Being a practical man—with the aid of good workmen and well-seasoned materials—he can offer to the public **MACHINERY** and **IMPLEMENTS** equal to any firm in the trade.

J. H. begs to call attention to his **PRIZE GRINDING MILLS**, which have been well-tried for years in Yorkshire, Lincolnshire, and Nottinghamshire; and also to inform the public that as it is now the season for Grinding Barley, Oats, Peas, Beans, by steam power, he has a pair of four-foot diameter **GREY STONES** nearly ready, which can be had with two days' notice. **GRINDING MILLS**, with either French Burr Stones or Grey Stones, made to order, with any diameter of mill stones, for either steam or horse power. Prices by applying at the Works.

J. H. also begs to call attention to Millowners and others, that he has been at a great expense in fitting up his **TURNING** and **BORING LATHES**, having made them self-acting, and can Turn and Bore Wheels and Shafting of any weight or length. All Turning and Boring done by water power.

J. H. also makes and manufactures Steam and Horse Power Threshing Machines, either fixed or portable; Corn Dressing Machines, Blowing Machines, Screens, Turnip and Chaff Cutters of all kinds, for either steam or hand power; and also makes Corn and Turnip Drills of all kinds. Old Drills taken in exchange. Press Drills for either three or four rows, Manure Drills, &c.

J. H. begs also to call attention to his **PORTABLE STEAM SAWING MACHINE**, which has travelled for seven years, and to thank the public for the extensive patronage he has received from them, and hopes that by steady attention to the same, and employing good workmen, to still have their support. Prices for Sawing, either by piece or day, can be obtained at the Works.

ESTIMATES and **PRICES** will be sent to any part, for any kind or amount of Machinery wanted.

Portable Steam Threshing Engines repaired with new brass rods, &c.

J. H. wishes to inform Agriculturists that he has purchased a **NEW STEAM THRASHING MACHINE**, which he intends travelling in the neighbourhood, on as reasonable terms as any others—efficient men will be sent with the Machine.
